

Saturday 31st July 2010

“An Introduction To Digital Photography Workshop”

With *Jane Taubman's* extensive knowledge of digital photography she will help you understand the camera you have and help you to take your simple snapshots to the next level.

Designed for beginners in Digital Photography she will cover:

- Understanding your camera
 - Explore your Camera
 - Composition
 - Photo Shoot
 - How to Critique
 - Interactive Critique
- Questions and Answers

Sunday 1st August 2010

“An Advanced Digital Photography Workshop”

Designed as a follow on to the Saturday course this course is aimed at those with a basic understanding of their Cameras, who want to move forward by “Getting out of Auto”, although suitable for any equipment, some elements will benefit from your camera allowing you to select the Aperture for your exposures.

Jane will cover:

- Choosing the Right Settings
 - Photo Shoot, putting it into practice
- Workflow, loading the images to your computer and what to do next
 - Interactive Critique of the images taken earlier
 - Questions and Answers

Things to bring:

Your camera with fully charged batteries and ideally a blank memory card.
Camera Manual or CD with manual on.
Tripod ~ (Please don't worry if you do not have one)
Bring along a couple of photographs you have taken and you like
or some of your pictures on a CD or memory card.
